

February 7, 2004

Andy,

Hello. Your staff did well the past 2 days to connect the temporary electric to the trailers and getting the shower trailer ready. We appreciate their efforts and their ability to meet the deadline is a very good achievement.

Please thank them for me.

Very rarely do contractors meet their deadline here. If your company is able to complete the project by the end of the month (aside from trailer delivery problems), it will be a very, very good achievement.

Have showed the quality gravel work your company has done to another unit here. They are very interested in asking your company for a proposal to do some additional work here. Will let you know when they have their concept ready. They are interested in some gravel, a concrete pad, some fencing, and some electrical connections. Details will follow officially through the contracting officer.

Thanks again for your company's support.
Dave
